Try Hack Me had a lot of fun and difficult challenges but surprisingly this one tripped-up quite a few people. Here is the write-up for this challenge.
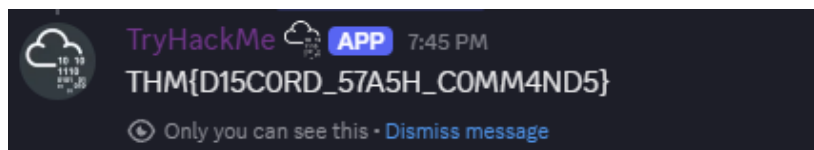

1. Join the TCM Discord
2. Look at the description of the channel inside #ctf-discord-challenge. It will be located at the top of the application.

3. Input /secret-function in the chat to initiate the command

4. The flag will now appear :)

Conclusion: Now that you have your flag, have fun spamming the chat with /table-flip and playing Pong with the TryHackMe bot!
